NATURE'S THERAPEUTICS First among them stands systematized exercise. Every muscle in the body equally developed and strengthened by

Sixsmith's System of Physical Training

(WITHOUT APPARATUS)

Each exercise arranged to economize effort, and obtain maximum results for minimum of exertion. Lungs and heart strengthened, liver stimulated, circulation accelerated, and intestinal action aroused by this system. Easy to learn and to practice—ten minutes in the morning and ten at night being sufficient to build up and keep the body in good condition. Taught successfully by mail and individually at my studio.

61 West 51st St., New York.

"In the system of muscular exercises taught by Mr. Sixsmith, the different groups of muscles are so gradually developed in elasticity and vigor, that there is not the strain and weariness that follows other systems of exercises.

From my personal experience with this system as taught by Mr. Sixsmith, I am convinced that it is good in theory and will amply repay anyone who will follow it."

Very truly yours,

EDWARD G. TUTTLE, M. D.

149 West 44th St., New York.

"I am thoroughly satisfied that Mr. Sixsmith's method of muscular development is an excellent one."

JOHN F. ERDMAN, M. D.

128 West 34th St., N. Y.

"Exercise and massage are to-day regarded by the medical profession as fundamental principles in the prevention and cure of disease. Their value, however, depends on the intelligent adaptation and application to the case in hand. From personal experience in my practice I can say Mr. Sixsmith has an unique and superior system of applying these therapeutic measures."

BRIGHT'S VAN NESS' Lacto-Lithiated Strontium Compound (Van Ness Formula.)

The salts of Strontium used in our preparation are entirely free from Barium. Neutral, reliable and palatable. The Lithium is well washed in alcohol, neutralized and dried. These salts, when combined in the treatment of Bright's Disease, and in conditions associated with albuminuria, give results which are so rapid that in twenty-four hours after dispensing, the albumen excreted will be diminished one-half and in ten days almost entirely disappears.

In cases of enuresis, either in adults or children, the preparation acts as a specific, relieving the distressing conditions immediately.

Among the many letters we receive, we submit the following:

DR. ADDISON C. FOX, Baltimore, says: "I am curing my cases," and that he had most wonderful results from its use.

DR. W. H. WILLIAMS, Dale, Ind., writes: "I have used large quantities of Strontium Compound and have had results from it I could not obtain from any other preparation, and I have exhausted almost everything else to give relief to my patients."

DR. W. A. BROWN, Athol, Mass., says: "I am curing my cases."

DR. DAVID COLEMAN, Richmond Borough, Greater New York, has had several very obstinate cases of Bright's Disease and they have all recovered from it.

DR. C. W. REID, Pelham, Ga.: "Send me two bottles more of your Lacto-Lithiated Strontium Compound. It works fine."

DR. H. H. BELLROSE, Rutland, Vt., "Send two pounds more of your Lacto-Lithiated Strontium Compound by first Express."

DR. L. P. CHAMBERLAYNE, Rochester, N. Y.: "My patient is doing fine on the Lacto-Lithiated Strontium Compound. Send another bottle to same address."

DR. DAVID BRIGHT, Constantinople, Turkey: "More cases Bright's disease here than in any other part of the world. Lacto-Lithiated Strontium Compound cures it."

**LECTURES, RECITATIONS, CLINICAL
and LABORATORY TEACHING.**

The curriculum embraces all the subjects taught in a first-class medical school. The work is carefully graded. Students are marked on each recitation throughout the four years. These marks go to the student's credit in the final examination. The large number of patients coming to the Mary Fletcher Hospital from Vermont, New Hampshire and New York affords ample clinical material for both medical and surgical teaching . . .

Dear Sir:-

Up-to-date and unique methods are ever in demand among shrewd advertisers.

FAC-SIMILE LETTERS have stood the test and are now recognized as the ne-plus-ultra of dignified persuasion.

This is a fair sample of our work. The idea is to convey the impression of a personal communication. Impressions go a great ways, - it is not so much WHAT you say but HOW you say it. The cost is but little more than print and ten times as effective.

"A word to the wise is sufficient."
Let us figure with you.

Yours very truly,

FAC-SIMILE LETTER CO.

— SPECIALIST IN —

Catarrh, Hay Fever, Asthma and Nervous Diseases.

Office No. 644 1-2 Hampshire St., QUINCY, ILL.

A RARE CHANCE

For physicians who wish to enter a new field without competition. After six years of the greatest success in the treatment of Catarrh, Hay Fever, Asthma and the Nervous Diseases which have been a source of despair to many of the medical profession, I am now giving instructions in my new method, of Hypodermic Treatment in the above named diseases to a limited number of capable physicians. There is no competition in this field and I will guarantee my system to fit or qualify any well read physician to radically cure these diseases. Over five hundred patients have been treated by this new method, and satisfactory evidence can be furnished as to its efficacy. A course of instructions will be given in Applicant's office on patients solicited by applicant, or at the Quincy School of The New Era Post Graduate Course in these special diseases.

Inquiries from the profession will be answered when accompanied by self addressed stamped envelope and references as to professional standing.

MILWAUKEE'S IMPROVED

DUSTLESS

Because kerosene oil flows from reservoir through an absorbent fibre, which in turn moistens the Dust, rolling same into little lumps, thereby preventing it's rising and circulating through the air.

HYGIENIC

Because an antiseptic fluid is brought into contact with the Dust while sweeping. The antiseptic liquid we recommend costs but little, and is very effective. Send for circulars and information.

CAUTION.

Beware of so called Medical Directories, plagiarized from R. L. Polk & Co.'s Medical and Surgical Register of the U. S. and Canada, in violation of the copyright laws.

We have positive proof that some of the so-called State Medical directories issued since August, 1900, were copied from our 1900 Register and palmed off as new and original works.

Our friends will confer a favor upon us as well as render a service to the medical profession by promptly notifying us of such attempted frauds.

CAUTION.

Beware of so called Medical Directories, plagiarized from R. L. Polk & Co's Medical and Surgical Register of the U. S. and Canada, in violation of the copy-right laws.

We have positive proof that some of the so-called State Medical directories issued since August, 1900, were copied from our 1900 Register and palmed off as new and original works.

Our friends will confer a favor upon us as well as render a service to the medical profession by promptly notifying us of such attempted frauds.

DR. McMUNN'S ELIXIR OF OPIUM.

An Invaluable Discovery in the Preparation of Opium.

It contains all the valuable medicinal properties of Opium in natural combination, to the exclusion of all its noxious, deleterious, useless principles upon which its bad effects depend. It possesses all the sedative, anodyne, antispasmodic powers of Opium. To produce sleep and composure; to relieve pain and irritation; nervous excitement and morbid irritability of body and mind; to allay convulsive and spasmodic actions, etc.; and being purified from all the noxious and deleterious elements its operation is attended by no sickness of the stomach, no vomiting, no costiveness, no headache, nor any derangement of the constitution or general health. Hence its high superiority over Laudanum, Paregoric, Black Drop, Denarcotized Laudanum, and every other Opiate preparation.

CAUTION.—On account of its large sale, spurious articles are offered in bulk. The genuine is sold only in vials of about 7 drachms, with yellow wrappers and signature of Jno. B. McMunn.

Antiphlogistic Antiseptic

SORBEFACIN

Nutrient Sorbefacient

A Bland Non-Irritating Surgical Dressing, containing Menthol, Thymol, and Boracic Acid combined in a rich Nutrient Sorbefacient base. A valuable stimulating poultice in Pneumonia, Pleurisy, Bronchitis, Pulmonary Phthisis and all inflammatory conditions and congestions.

For Burned and Scalded Surfaces nothing ever before offered has met with such general and unqualified favor among physicians. It instantly relieves all pain, even in most serious cases, and as a tissue feeder so assists nature that restoration is greatly hastened, while the injured parts receive the needed aid to restore without scarring. The physician will find in SORBEFACIN a soft plastic dressing that can be used in any quantity, yet possessing such antiseptic properties as to quickly cleanse a putrid and sloughing ulcer.

I have used Sorbefacin in several forms of skin diseases, inflammation of joints, bruises and ulcers and found it exceedingly valuable in allaying pain and reducing swelling and restoring healthy tissue. It has given me great satisfaction. A. MCTAGGART, M.D., Toronto, Ont.

I believe the Antiphlogistic properties of Sorbefacin exceed anything heretofore known to the profession.

J. D. ROBERTSON, M. D., Chicago.

I have used Sorbefacin in inflammation of all kinds with gratifying results. I heartily recommend it to the profession.

C. A. DERBEY, M.D., Chicago.

Beware of so-called Medical Directories, plagiarized from R. L. Polk & Co.'s Medical and Surgical Register of the U. S. and Canada, in violation of the copyright laws.

We have positive proof that some of the so-called State Medical directories issued since August, 1900, were copied from our 1898 Register and palmed off as new and original works.

Our friends will confer a favor upon us, as well as render a service to the medical profession, by promptly notifying us of such attempted frauds.

RED CROSS "PERFECTION" CLINICAL THERMOMETER.

LIFE or DEATH often depends upon the use of a perfectly reliable Clinical Thermometer. Will your conscience prompt you to use a cheap article in a matter of such moment?

To avoid all uncertainty use the **RED CROSS PERFECTION** Clinical Thermometer; it is positively the best made, and we are willing to stake our reputation upon it.

None genuine unless our trade-mark (a **RED** cross, with the word **PERFECTION**) is etched thereon. Not the cheapest, but the best for the money.

Price \$1.50 each with certificate.

If your druggist or surgical instrument dealer does not handle them, write direct to us.

To Hospitals who purchase in quantities we will mail upon application our catalogue of Thermometers, Hypodermic Syringes and Needles, Urinalysis Articles, etc.

POLK'S MEDICAL

THE KEELEY INSTITUTE,

DWIGHT, ILLINOIS.

THE PARENT HOUSE OF THE KEELEY INSTITUTE SYSTEM.

ESTABLISHED 1880.

For the Treatment of Alcoholic Inebriety, Opium and All Other Drug Addictions, the Tobacco Habit and Neurasthenia.

The Keeley treatment has now been before the public for more than twenty years, has stood the test of doubt and criticism and passed far beyond the stage of experiment. Physicians are and should be conservative, not "carried about with every wind of doctrine;" at the same time, when they see results they act accordingly. Hundreds of thousands have taken the Keeley treatment for various addictions, and the success attained proves its great merit.

There is nothing marvelous about it beyond the adaptability of the remedies to the cure of the addictions. The methods and principles are purely rational and scientific. The results attained are the same, whether the inebriety is caused by alcohol, opium or other drugs, the treatment being varied according to the addiction and the needs of the patient. Drug users are relieved with the minimum of inconvenience; the alcoholic patients experience none.

By the Keeley system functional inebriety is ALWAYS cured and the appetite entirely removed; this is accomplished by elimination and the toning up of the nervous system. There is no nausea or other sickness but the general health improves from the time the treatment begins. Entire freedom is accorded and there are no annoying or vexatious restraints.

No claim is made that the organic changes of chronic alcoholism will be remedied. By removing the craving or necessity, however, and proper elimination, the improvement in the general health enables nature in time to repair the damage. The history of the treatment of chronic alcoholics by the Keeley system always shows marked improvement of collateral ailments and often complete restoration.

Every patient receives a thorough clinical examination, and the treatment is adapted in all cases to the peculiar needs of each.

There is a separate establishment known as "The Woman's Home," where lady patients can live in absolute privacy.

Comprehensive literature free upon application and all correspondence strictly confidential.
